

JAKE RUBIN

Computer Engineering Student

5150 Camosun St., Vancouver, BC V6N 4J1 | +1 604-349-2206 | jake.t.rubin@gmail.com

SUMMARY:

I am a hardworking computer engineering student seeking a coop-style or entry-level job to develop work experience. I am looking to expand my skillset and have interests in information technology, web development, machine learning, and augmented reality.

WORK EXPERIENCE:

Western Campus Resources

Warehouse Employee | May 2021 - August 2021

- Packaged and received shipments of textbooks to and from local, interprovincial, and international elementary, middle, and high schools
- Kept textbook stores organized by subject and quality

Browns Socialhouse, Lynn Valley

Dishwasher / Prep Cook | July 2018 - September 2019

- Cleaned plateware, glassware, kitchenware during weekend rushes
- Prepped ingredients for use during upcoming work days
- Efficiently closed workstation at the end of the night

RELEVANT PROJECTS:

Portfolio Website - jakerubin.ca

Personal Project | May 25, 2022 - September 6, 2022

- Built a static website using HTML, CSS, and JavaScript DOM, hosted by GitHub Pages
- Utilized techniques from basic styling to JavaScript animations

Automatic Vaccination Status Checker

UBC CPEN 291 Project | March 10, 2022 - March 31, 2022

- For a group project, built a web-app combining a symptom questionnaire, body temperature check, and vaccination identification check to "grant access" to an individual
- Combines HTML, CSS, JavaScript, a node.js back-end, a React.js front-end, and an Arduino-based hardware system for a project relevant to current events

EDUCATION:

University of British Columbia | September 2020 - April 2024

Bachelor of Applied Science - Computer Engineering | GPA: 3.85

SKILLS:

- Programming/design with C, C++, Java, Python, JavaScript, HTML, CSS, ARM Assembly, x86 Assembly, and Verilog
- Proficiency with Microsoft Word, Excel and PowerPoint
- Experience with Visual Studio, Arduino, MATLAB, and Autodesk Fusion 360
- Ability to speak French (intermediate), and Mandarin (beginner)
